Speaker & Stylist

Hello Beautiful Friend!

This Saturday, July 29th, is National Lipstick Day! If you have to rush out of the house or jump on a zoom call, I always say to at least put on some lipstick and earrings!

It's important to know what colors look best on you for your clothes but it's also just as important to choose lipstick (and nail polish) in colors that are in your Color Code as well. Wearing the right color that is best for your Dominant Color Characteristics can make a HUGE difference!

Here are some other advantages to wearing lipstick...

- Lipstick intensifies the color of your eyes and can make your eyes more vibrant. It emphasizes the natural color of your eyes and makes your eyes look bigger and more prominent. Choose the tone of your lipstick to match the tone of your eyes. If you have really dark eyes, a darker lipstick will look best. If you have light eyes, a light color lipstick is going to be best and if you have bright eyes, the brighter shades in your color pallet are going to be best.
- Lipstick protects your lips from sun and wind and helps moisturize your lips.
- Lipstick defines your mouth and keeps you from looking washed out.
- Lipstick makes you look fresh, healthy and bright.
- Lipstick can make your face look slimmer. When you outline and color your lips, you are drawing attention toward the center which makes your face look slimmer.

There are so many different types of lipsticks so you will need to experiment with some to find just the right ones (glossy, matte, moisturizing, long-wearing) that feel most comfortable for you. Make sure you choose ones in your best colors and then stick with what works best and you will continually wear. If you just don't feel comfortable wearing a colorful lipstick, at least wear a tinted gloss.

Check with your favorite Mary Kay, Arbonne, LipSense or various other representatives and find the perfect shade for you. Or, stop by your local department store beauty counter and have them

recommend a few brands for you to try on.

You can also visit my friend, Nancy Joseph, on her [website- the "Lipstick Boss!"](#)

Nancy created lip shades for each Color Code! If you purchase from her, please add "Donna R" in the *special notes* section at checkout so she knows I sent you. It's important to make sure you choose lip colors that will look best in whatever Color Code I have put you in.

*From a heart filled with grace and veins filled with glitter,
Donna*
