Inspiring women to develop an outward style to reveal their inner beauty!

Hello Beautiful Friend!

We are only 2 days away from the official start of Fall! I love new seasons and new beginnings. Fall fashions are always fun and this season is no exception! This week I want to share with you the beautiful colors of this fall/winter season. They are stunning and I am seeing all of them showing up in the stores already. I think there is something for every Color Code so everyone should be able to find things that will be most flattering for your very own Dominant Color Characteristics (hair, skin and eyes).

What do you think of this season's colors? Do you have a favorite or two?
