Inspiring women to develop an outward style to reveal their inner beauty!

Hello Beautiful Friend!

Fall is just around the corner! It seems we can already smell it in the air and you can sure see it if you walk into Hobby Lobby! I love the clean, crisp air of fall and all the fun things it brings like football, bonfires, hayrides and, of course, the Fall Fashion Trends!!

I will be sharing some of the new trends for Fall/Winter in the upcoming newsletters but for today let's start with the trending colors we will be seeing in the stores this season. Color is the most important part in choosing your wardrobe! It can make a huge difference in how you look and I know you want to always look your best! These are some really pretty colors and I can't wait to see them in the stores and on line.

Its also that time of year when the Fall Closet Outfit Planner releases! This is one of the most amazing tools I could ever recommend to make dressing so "easy peasy!!"

The Closet Outfit Planner is a pdf download that shows you how to build a full season's wardrobe with just 27 pieces. Many of the items are already in your closet, but just in case, there are always shopping links with a variety of price points for each piece. With these items, you'll have over 150 outfit combinations to last all season!

Outfit planning has never been so easy!
